How to Measure for a Custom Fit

**G Shoulders -**Measure across back of shoulders from sleeve.

Measure from front of waist through crotch to back of waist.

Record Your Measurements: (Use cloth measuring tape)					
Key	Description	Measurement (in inches)			
Α	Neck to Wrist. Measure from center of neck (bone) to wrist.				
В	Center back length. Measure neck (bone) to waist.				
С	Natural waist. Measure across navel & level across back.				
D	Chest. Measure widest circumference.				
E	Inseam. Measure bottom of rise to ankle (bone).				
F	Torso height. Collar bone to where crotch seams meet.				
G	Shoulder width. End of shoulder to end of shoulder.				
- 1	Beltline. Measure where pants waistband rides (not pants size).				
J	Hips. Measure 8" below natural waist (C).				
K	Thigh. Measure 4" below crotch.				
М	Rise. Measure front to back waist. Same measurement points as C.				
N	Neck size				
0	Height				
Р	Weight				

#### **Special Instructions**

Please indicate any special fit, style, color, or option instructions below. Attach extra sheet if necessary.

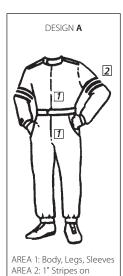

This form must be faxed (1-800-742-0484) or mailed to Pegasus Auto Racing to place a custom suit order. If you have any questions on this form, please contact the Customer Service Department at 1-800-688-6946 between 9am and 5pm CST, Monday through Friday. If your design is complex, please use an additional full sheet of paper to make a large detailed drawing.

**Total Suit Price**: Add Base Price & Options.....

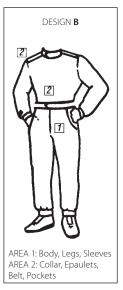

Total Suit Price does not include one-of-a-kind design, embroidery or custom graphics, special instructions or shipping.
